

The Cheap Material

 Wood
 Wood

 1 Cheap. Abundant. Literally the stuff games are made of.

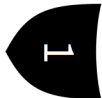

The Red Material

 Clay
 Clay

 1 Or is it brick? Pottery? Ok fine, let's just call it the red one.

The Premium Material

 Stone

Or is it ore? Mountains? Rock? Definitely not clay,
unless we allow fossilization.

The Breeding Plant

Grain

Or is it wheat? Reeds? Seeds? Corn? Did you know that corn is a type of grain? Be sure to bring up this fact in your next Euro game. Everyone will appreciate the rules ambiguity it creates.

The Windfall Animal

Wild Boar

Wild Boar

You may trash this card for 2

Food.

Everyone just calls them pigs.

The Bare Resource

Glass

Just don't miss your opportunity to use it.

The Expensive Plant

Carrot

You may trash this card for 1

Food.

Think of carrots like a self-insta-slaughtering animal.

The Expensive Plant

Carrot

You may trash this card for 1

Food.

Think of carrots like a self-insta-slaughtering animal.

The Strange Combo

Wood

Grain

Not to be confused with wood grain. Also, shouldn't wood be a plant? No. No it's not. Ever.
